Title: Changer Apparatus For Information Discs

Honorable Commissioner of Patents and Trademarks  
Washington, D.C. 20231PRELIMINARY AMENDMENT

Sir:

Prior to examination of the CPA filed 5/7/01, please amend the above-identified application as follows:

IN THE CLAIMS

Please amend the claims as follows:

1. (twice amended) A changer apparatus for information discs, comprising: a stacking unit for stacking at least two information discs in respective stacking positions, a read/write unit for reading information stored on the information discs and/or writing information on the information discs in a play position, an eject position at which an information disc can be removed from the apparatus, and transport means for transporting the information discs from the eject position into a loading position of the stacking unit along a curve-shaped loading path, and in which the play position is between the eject position and the loading position.

Cancel claim 2.

3. (twice amended) The apparatus of Claim 1, wherein the play position is offset from a direct connecting line between the loading position and the eject position.

4. (twice amended) The apparatus of Claim 1, wherein the play position is disposed on the loading path.
